WORK EXPERIENCES

Junior Frontend Developer

Meridiana, Barcelona   Nov 2023 - Present

- Developed client-side features using **Next.js 13** and **Strapi**, focusing on scalability and performance.
- Implemented technical SEO strategies and integrated **Google Analytics 4** for enhanced data-driven insights.
- Designed and developed responsive, mobile-first layouts utilizing **Bootstrap** and **CSS** frameworks.
- Employed **Axios** for efficient client-side data fetching and synchronized the frontend with a headless CMS.
- Collaborated in a team of 5, adapting to rapidly changing requirements and delivering solutions that align with business goals.

Junior Frontend Developer

eXplorins, Barcelona   Feb 2023- July 2023

- Resolved complex issues within the **Angular MUI** framework after upgrading from Angular v15, ensuring stability and performance.
- Led design improvements to enhance the user experience, emphasizing usability and visual appeal.
- Coordinated closely with the design team to translate UI/UX designs into functional, efficient frontend code.
- Actively participated in team meetings to plan, review, and optimize development workflows.

Frontend Developer

Airlingo, Barcelona   Oct 2022 - Dec 2022

- Implemented **Google OAuth 2.0** for user authentication and authorization, integrating seamless login experiences.
- Developed a chat room application using **CRUD Operations API**, facilitating communication among users and automated systems.
- Collaborated in a cross-functional team of 5, contributing to both backend and frontend development.
