SUMMARY

Dedicated and versatile Front-end developer with experience in building and optimizing user centric, responsive web applications. Proven track record of designing, implementing, and maintaining high-quality software solutions in fast-paced, agile environments.

EXPERIENCES

JUNIOR FRONTEND DEVELOPER (Nov 2023 - Oct 2024)
Meridiana, Barcelona
- Developed client-side features using Next.js 13 and Strapi, focusing on scalability and performance.
- Implemented technical SEO strategies and integrated Google Analytics 4 for enhanced data-driven insights.
- Designed and developed responsive, mobile-first layouts utilizing Bootstrap and CSS frameworks.
- Employed Axios for efficient client-side data fetching and synchronized the frontend with a headless CMS.
- Collaborated in a team of 5, adapting to rapidly changing requirements and delivering solutions aligned with business goals.

JUNIOR FRONTEND DEVELOPER (Feb 2023- July 2023)
eXplorins, Barcelona
- Resolved complex issues within the Angular MUI framework after upgrading from Angular v15, ensuring stability and performance.
- Led design improvements to enhance the user experience, emphasizing usability and visual appeal.
- Coordinated closely with the design team to translate UI/UX designs into functional, efficient frontend code.
- Actively participated in team meetings to plan, review, and optimize development workflows.

FRONTEND DEVELOPER (Oct 2022 - Dec 2022)
Airlingo, Barcelona
- Implemented Google OAuth 2.0 for user authentication and authorization, integrating seamless login experiences.
- Developed a chat room application using CRUD Operations API, facilitating user communication and automated systems.
- Collaborated in a cross-functional team of 5, contributing to backend and frontend development.
